Dear Becky -

Thank you so much for copies of the photos of 36 Pleasant Street and for the lovely description of the house and Isabel Hyams from a century ago. It was extremely kind of you to share this material with us.

We have lived in this location more than three decades and love this place - as you + your family undoubtedly did. We now even have the joy of sharing it with our first grandchild who is currently a very active toddler.

One of the many projects on my "to do" list is to learn more about Isabel Hyams. She sounds like a remarkable person and, as an MIT graduate myself, I hope to learn more about her as one of MIT's earliest female graduates.

Thanks again for thinking of us, + we hope you are well. And you should know you (+ your family) are always welcome to visit 36 Pleasant Street

With warmest regards,

Mark (+ Beth) Rockoff
